Professional Summary

Motivated and results-driven Computer Science graduate with a First-Class degree and practical experience in software development, IT support, and web technologies. Skilled in multiple programming languages, cloud infrastructure, and modern development tools. Proven ability to solve complex problems, write high-quality code, and collaborate effectively in cross-functional teams. Seeking a challenging software or IT engineering role to further develop technical and professional skills.

Key Skills

- Proficient in: Java, C#, HTML, CSS, JavaScript, React
- Intermediate knowledge of: SQL, Power Platform, C++
- Strong grasp of: Object-Oriented Programming, data structures, algorithms, software design principles
- Experienced in REST API integration and PowerShell scripting
- Familiar with: Microsoft 365, Exchange Hybrid, SharePoint, DNN (DotNetNuke)
- Strong communication, teamwork, and analytical skills
- Knowledge of cloud services and infrastructure automation

Professional Experience

IT Support Engineer | Morningfoods, Crewe | Jun 2023 – Present

- Developed and maintained Power Platform applications and automated internal processes using PowerShell scripts.
- Managed SharePoint sites and intranet content using DNN (C#, JavaScript, HTML, CSS).
- Provided daily technical support for hardware/software issues, reducing downtime and improving system reliability.
- Assisted in administration of Microsoft 365 and Exchange in a hybrid environment.
- Built SQL stored procedures and integrated REST APIs with NetSuite to improve data workflows.
- Supported network troubleshooting and contributed to infrastructure projects.

Customer Service Assistant | Tenpin, Stoke-On-Trent | Nov 2022 – May 2023

- Delivered high-quality customer service across multiple departments including bar, reception, and diner.
- Trained new staff on operational procedures and food safety.
- Assisted with basic technical maintenance of bowling equipment.

Bartender | Bassa Villa, Bridgnorth | Jun 2020 – Sep 2022

- Provided prompt and attentive customer service while managing bar operations.
- Monitored guest safety and ensured compliance with licensing regulations.
- Managed stock levels and maintained cleanliness of work area.

Shift Runner | Laser Quest, Stoke-On-Trent | Oct 2021 – Apr 2022

- Supervised daily operations and ensured adherence to safety and scheduling protocols.
- Led end-of-day reconciliation tasks including cash-ups and paperwork.
- Coordinated opening/closing procedures and trained new staff.

Office Assistant (Summer Placement) | National Hickman, Wolverhampton | Jun 2016 – Aug 2016

- Supported administrative and logistics tasks during departmental relocation.
- Ensured accurate record-keeping and document transfer.
- Collaborated with cross-departmental teams to facilitate the move.

Education

BSc Computer Science – First Class Honours

Staffordshire University, Stoke-On-Trent | Graduated Jun 2022

Key Modules:

- Software Development, Web Development, Operating Systems
- Networking Concepts, Cyber Security, Cloud Infrastructure
- Data Structures, Databases, IT Infrastructure Security

Codsall Community Sixth Form, Wolverhampton | 2019

A-Levels:

- Physics (D)
- Computer Science (D)
- Product Design (D)

GCSEs:

- Mathematics (7), English Language (6), Computer Science (B), Physics (B)
- Additional Subjects: Graphic Design, Biology, Chemistry, Business Studies, Citizenship

Additional Information

- Full UK Driver's License
- Nationality: British
- Date of Birth: 26/04/2001

Hobbies & Interests

Outside of my professional work, I lead a fulfilling personal life that keeps me grounded and inspired. I'm a proud father to a beautiful young daughter, which has enriched my life with responsibility, patience, and a deeper sense of purpose. In my spare time, I am currently learning to play the guitar, enjoying both the creative expression it allows and the discipline it requires.

I'm a passionate supporter of Wolverhampton Wanderers and have a deep appreciation for team sports. Over the years, I've actively played both football and American football, experiences that have helped me develop strong teamwork, communication, and leadership skills on and off the field.

In addition, I'm an avid video game enthusiast. I enjoy games that challenge problem-solving, strategic thinking, and creativity—skills that often complement my professional interests in software and technology.

These hobbies not only provide balance in my life but also continually support the development of my focus, determination, and collaboration skills.
