PROFESSIONAL SUMMARY

I am a Highly motivated and talented computer science graduate with a strong passion for software development. I am Equipped with a solid foundation in computer science principles, programming languages, and software engineering methodologies after my education. I also am Adept at analyzing complex problems and developing innovative solutions through logical thinking and creative problem-solving skills. I have a keen eye for detail, ensuring the delivery of high-quality code and applications and possess excellent communication and team-working abilities, allowing for effective collaboration with diverse cross-functional teams. I am Looking for a challenging environment where I can progress my career and abilities further.

SKILLS

- Proficient in multiple programming languages, including Python and C#
- Strong understanding of data structures, algorithms, and software design principles
- Knowledge of database management systems (SQL and MongoDB)
- Solid grasp of web development technologies (HTML, CSS, JavaScript, React)
- Excellent problem-solving abilities and attention to detail
- Effective written and verbal communication skills
- Strong team player with ability to collaborate effectively in diverse environments

WORK HISTORY

IT Support Engineer, 06/2023 - Current

Morningfoods, Crewe, Cheshire

- **Systems & Infrastructure Management:** Manage a hybrid Microsoft 365 and on-premises Active Directory environment, overseeing user accounts, permissions, and security policies. Maintain and optimize Hyper-V servers, IIS sites, and SQL databases to ensure performance, reliability, and security.
- **Automation & Development:** Develop and maintain scripts in PowerShell and Python to automate tasks and streamline IT operations. Build custom workflows and business applications using Microsoft Power Automate and Power Apps and create C# components within DotNetNuke (DNN) for tailored business functionality.
- **Networking & Software Administration:** Administer and support networking infrastructure, including switches, VLANs, and ACLs. Manage installation, configuration, and maintenance of third-party software systems, ensuring smooth integration and minimal downtime across departments.

- Operational Support & Devices: Oversee IP-based phone systems, Zebra printers, and automation software, resolving daily technical issues while providing responsive end-user support. Focus on improving efficiency, reliability, and user satisfaction across all IT services.

Customer Service Assistant, 11/2022 - 05/2023

Tenpin, Stoke-On-Trent, Staffordshire

- I Worked as a CSA in a variety of sectors within the workplace including the diner, reception, the bar and arcade management as well as learning technician fixes for the bowling lanes.
- Delivered exceptional level of service to each customer by listening to concerns and answering questions.
- Maintained customer happiness with forward-thinking strategies focused on addressing needs and resolving concerns.
- Trained new associates within the diner, advising on appropriate handling of customer food, closing of the diner and organisation of orders.

Bartender, 06/2020 - 09/2022

Bassa Villa, Bridgenorth, Shropshire

- I worked as a part time bar staff during my return time from university; the job would include me working the bar and taking out food and changing barrels when needed.
- I Greeted customers by name, remembering drinks selections and special requests to provide attentive, personalised service.
- I Followed safe serving requirements, monitoring guest behaviour and discontinuing service to inebriated customers.
- I Maintained bar stocks, replenishing daily as necessary.

Shift Runner, 10/2021 - 04/2022

Laser Quest, Stoke-On-Trent, Staffordshire

- As a shift runner at Lazer Quest it was my responsibility to manage the daily running of the venue and ensure that everything ran correctly.
- I would manage staff to ensure the days scheduling went as planned.
- Supervised activities of workers and enforced safety regulations.
- I had to ensure that cash ups and end of day paperwork was completed.
- Any closing or opening tasks were achieved when I opened or closed the venue.

Assistant, 06/2016 - 08/2016

National Hickman, Wolverhampton , West Midlands

- After working with the company as part of a school work scheme the company requested me to work for them over the summer in assisting the design branch of the company with the transfer of there office to a different building.
- Understood and adhered to company's health and safety policies.
- Handled various day-to-day admin responsibilities to maintain smooth business operations and ensure all paper work was transferred correctly.
- Demonstrated open communication and collaborated with various teams.

Staffordshire University , Stoke-On-Trent, South Staffordshire , 06/2022

Bachelor of Science: Computer Science

Classification 1st Class

Year 1 Modules

- Digital Technologies
- Software Development and Application Modelling
- Networking Concepts and Cyber Security
- Web Development and Operating Systems

Year 2 Modules

- Commercial Computing
- Enterprise Cloud and Infrastructure Automation
- Cyber Operations and Network Security
- Databases and Data Structure

Year 3 Modules

- Advanced Networks and Operating System Security
- Advanced Topics in Cyber Security
- Dissertation
- IT Infrastructure Security

Extracurricular Activities

- Member of The American Football Society and Club

Codsall Community High School, Wolverhampton , West Midlands , 07/2019

A-Levels

- Physics: D
- Computer Science: D
- Product Design: D

Codsall Community High School, Wolverhampton , West Midlands , 07/2017

GCSEs

- Computer Science: B
- Physics: B
- Graphic Design: B
- Biology: C
- Chemistry: C
- Business Studies: C
- Citizenship: C
- English Literature: 4
- English Language: 6
- Mathematics: 7

HOBBIES AND INTERESTS

Outside of my professional work, I lead a fulfilling personal life that keeps me grounded and inspired. I'm a proud father to a beautiful young daughter, which has enriched my life with responsibility, patience, and a deeper sense of purpose. In my spare time, I'm learning to play the guitar, enjoying the creative expression and discipline it requires.

I'm a passionate Wolverhampton Wanderers supporter and have a deep appreciation for team sports. I've actively played football and American football, experiences that have strengthened my teamwork, communication, and leadership skills.

Additionally, I'm an avid video game enthusiast who enjoys titles that challenge problem-solving, strategic thinking, and creativity — skills that complement my professional interests in software and technology.

These hobbies provide balance and continually support the development of my focus, determination, and collaboration skills.
